Beyond 18 – Tuesday 20th April – 4:30 – 6pm

Dear Student,

We are excited to invite you to our very first 'Beyond 18' event, taking place virtually via Microsoft Teams on Tuesday 20th April from 4:30 - 6:00pm, open to all Year 11 and 12 students within the Your-Future.Life Consortium and our wider community.

Young people today face more choices than ever, and it is therefore even more important for them to develop an understanding of their post 18 pathways in readiness to applying for higher education, degree level apprenticeships and employment. This event aims to inform you of your post-18 options available in our local area and nationally, by hosting a range of different providers and allowing you to discover your potential next steps.

As a consortium, we believe it is paramount to equip our students with the tools they need to successfully navigate these pathways and create positive destinations in this ever-changing world.

The evening will start at 4:30pm with an introduction from our strategic consortium lead. You will then attend a series of 20-minute 'breakout' sessions focused on your chosen subject pathway, led by specialist staff. These sessions will offer you bespoke Q&As with Russell Group Universities, tailored enrichment opportunities to strengthen your applications and exciting encounters with local employers. An example timetable with subject pathways can be seen overleaf to give you a flavour of the event.

If you are interested in attending, please complete a priority booking by scanning the QR code below or [clicking HERE](#), letting us know which pathway you are interested in. If you experience any issues, please contact your Head of Year or feel free to email on the details below.

Please note – this event is for ALL students considering ANY pathway at all academic levels. We look forward to seeing you there.

Kind regards,

Miss C Klatt
Consortium Careers Lead
